

ResMed AirTouch F20 CPAP Mask Starter Kit

The ResMed AirTouch F20 Full Face Mask features the ResMed UltraSoft™ memory foam cushion, a breakthrough in CPAP mask comfort technology. This innovative new cushion conforms to the unique contours of each face for a truly personalized fit. It is also designed to deliver a light, breathable seal across a wide range of therapy pressures.

Maintaining the AirTouch F20 is fast and beyond simple. A quick wipe down with non-alcoholic wipes keeps the memory foam clean. The cushion is intended to be replaced every 30 days, to continue an optimal cushion seal.

The AirTouch F20 and AirFit F20 Full Face Mask parts and cushions are interchangeable. The one F20 Frame size allows all F20 cushion sizes to fit.

AirTouch F20 Features:

UltraSoft™ memory foam cushion, plush F20 headgear, flexible F20 frame, magnetic clips, diffused venting and a quick release elbow.

Starter Kit Includes:

AirTouch F20 mask system and 5 replacement AirTouch cushions.
